<i>These are buy-up prices for budgeting purposes assuming the County buys the base product. If a county buys up to higher than the base product, a town can figure out a further buy-up cost by simply subtracting. For example if Androscoggin Co. bought up to 6"L2, then Lewiston's further buy-up to 3"L1 would be their 3"L1 cost minus their 6"L2 cost, or \$38,000 - \$6500 = \$31,500. For 3" buy-ups we can further subdivide out urban areas within a large town such as Auburn, which may need the urban center at 3"L1 but not the entire town area. This subdividing can only be done on a very limited basis. Additionally, the final price may be reduced by up to 30% if several contiguous towns buy up together to the same product.</i>
